

2024 BIA Y|GEN MID-YEAR MENTOR PROGRAM

MENTEE APPLICATION

COMPLETE & RETURN THIS APPLICATION BY FEBRUARY 16TH

All participants will be paired with a Mentor for one-on-one connections and will also be placed in a small group with other mentors/ mentees. It is important to engage in both small group meetings and one-on-ones in order to get the most out of the program. The program offers mentees the opportunity to gain industry knowledge, guidance, and support from an industry leader (Mentor). Mentors will have the opportunity to engage with and strengthen connections with future industry leaders. The one-on-one and small group pairings are done carefully and thoughtfully based on the application response for both the Mentors and Mentees.

Building a relationship between Mentor and Mentee is accomplished by meeting together on your own time. The more committed the Mentor and Mentees are to the relationship, the more satisfaction gained by all. The following guidelines have been established to help participants achieve a successful outcome.

COMMIT & PARTICIPATE

- Take initiative on scheduling meetings
- Willingness to be open and honest and share personal information (anything shared between Mentor and Mentee will remain confidential)
- Be punctual, accommodating, and courteous of everyone's time
- Program is Mentee driven so you will set topics for conversation and provide areas for Mentors to help foster development

COMMITMENT & SCHEDULE

- Recommended at least 2 one-on-one meetings with your Mentor
- Recommended at least 3 small group meetings
