# SF FEDERAL RESERVE & OUR ECONOMY

**BRINGING  
RELEVANT  
INFORMATION TO  
OUR INDUSTRY**

Our industry is significantly impacted by interest rates.

Can we borrow capital to build housing? Can our buyers afford a house payment with interest rates in the 6 to 8% range?

Come hear **John Mandragon** an economist with the SF Federal Reserve as he discussed the economy, the impact of interest rates on our industry and future economic expectations.
